For questions regarding billing, please email mturner.cloud9@gmail.com for the fastest resolution.	https://cloud9cannaco.simplybook.me/	10.24.2025 - Richard spoke to Kelly and gave him a run down on the plans for Fireline (Green, Blue, Red, & Gold Label). Richard explained the pricing bands and the movement we are seeing on 3.5g units in the $20 - $25 band. Explained that our list price on flower is $10.00 and that Kropz & PRC retail us and for the most part sell us out the door for $30.00 outside of PRC running Fireline Fridays where we Vendor Fund the discount. Kelly is going to take advantage of the Halloween Sale but due to budget he wants to wait to receive the delivery late next week. He like the idea of getting the $8.33 price point in exchange for pushing it out the door to customers for $25.00. He said he would want to mark it on his retail menu for like $32-$33 and then run everyday promos to have the out the door price to the customer land at $24.96.
